

22 pairs bobbins, plus 1 or 2 pair for footside passives.
 1 pair gimp plus 1 single gimp as illustrated here,
 although gimps can be left out or put around the diamond blocks as required.
 Diamonds can be cloth or half stitch

Worked in Finca 40 on a 2mm straight grid,
 this pricking as a pattern repeat of only 14mm,
 and therefore the number of repeats can
 easily be adapted for a rectangular shape.
 (many pre- spokestitch hankies are not square)
